

2026 Jindo Sea Parting Festival Trip

[Overview]

Trip Date : April 18-19, 2025

Location : Jindo Island

Guide Language : English

PRICE : EARLY BIRD SPECIAL BEFORE March 20th: 109,000 won / REGULAR PRICE AFTER March 20th: 129,000 WON

The Jindo Miracle Sea Parting Festival returns this spring, bringing visitors to the beautiful southwest island of Jindo for one of the most unique natural events in South Korea. The Festival will feature the unforgettable Sea Parting experience, the vibrant Holi Hai Jindo Color event, an evening EDM party, a Foreigners K-pop Singing Contest, Cooking contest and many other exciting activities throughout the day.

Jindo is often described as magical because once a year the sea dramatically recedes, resembling the biblical story of Moses parting the waters. This rare natural phenomenon occurs only here and creates a 40-meter wide path stretching approximately 1.8 kilometers, allowing visitors to walk across to a nearby island. Known as the "Jindo Moses Miracle," the festival is considered one of the three largest annual celebrations in Korea, alongside the Mud Festival and the Ice Fishing Festival. The chance to walk this extraordinary pathway across the sea is truly and unforgettable experience,

In April, we will depart early Saturday morning from Seoul/Suwon/Osan for a comfortable bus ride down to Jindo to join the festivities. Additional pickups will be arranged along the way, making it easy for everyone to take part in this incredible spring event without missing out.

This year, the unique sea parting phenomenon in Jindo will take place in the afternoon. Because sections of the 1.8 kilometer pathway can remain wet or form unexpected puddles, we strongly advise wearing protective footwear. High-high rubber boots are available for purchase at the festival site and are highly recommended, as sharp shells and small marine debris may be hidden beneath the shallow water.

As the tide retreats, the seabed reveals a fascinating underwater world. You'll likely spot various sea creatures along the route, making the walk both scenic and adventurous. If you're interested, you may bring a small bag to collect seafood to enjoy later. Around the festival grounds, you'll also find a wide selection of food stalls offering fresh local dishes and regional specialties.

To make the day even more exciting, there are additional activities! Watch the Jindo Dog Show and at 15:00 pm there is a Black and White Chef Cooking Competition, where participants can show their cooking skills. If you wish to participate, please inform us in advance so we can register you.

The annual Holi Hai Color Event will once again bring vibrant energy to the festival. Participation requires a white T-shirt, so please bring one with you or purchase one at the event area. We will provide color powder packs so you can fully enjoy throwing bright colors with friends and fellow participants before heading to the 16:30 pm sea-parting experience.

We will also join the local parade wearing our rubber boots, walking alongside villagers as they play traditional drums and instruments. The procession will lead us directly to the sea-parting site, creating a lively and authentic cultural atmosphere. After returning, you'll have time to clean up and prepare for the Global Zone Night Party.

Accommodation will be traditional Korean-style ondol rooms, featuring floor bedding in true local fashion. If you are traveling with friends, let us know in advance so we can arrange rooms together. You are welcome to bring an air mattress for extra comfort, but after a full day of activities and an evening celebration, you may find yourself falling asleep the moment your head hits the pillow.

The accommodation at our Youth Hostel is a renovated building, very clean, plenty of bedding (Must bring your own towels and toiletries). The whole building is for Adventure Korea and Good Times Rok ONLY !

Starting at 19:00 till about 20:00, Good Times Rok (GTR) will be providing you with a band, dance team, and Dj's for the Global zone party.

On the second day, start your morning with a delicious packed breakfast before we head off to Mokpo. Upon arrival, immerse yourself in the rich history of the region at the Mokpo History Museum. As our last destination, you'll visit Udal Mountain and lace up your hiking boots for a refreshing trekking, where you'll experience breathtaking views and the beauty of nature. It's a day full of memorable experiences!

This journey centers around the incredible Sea Parting Festival in Jindo, but the experience goes far beyond the main event. Throughout the weekend, you'll have the chance to explore additional performances, cultural activities, local food markets and interactive programs, all while we handle the logistics. Simply relax, enjoy the atmosphere, and immerse yourself in the celebration without worrying about the planning.

This is one of our most in-demand trips each year, and spots tend to sell out fast. In previous years, all seats were fully booked nearly three weeks in advance. If you're considering joining, we highly recommend securing your place as soon as possible.

Festivals in South Korea offer a unique window into the country's traditions, community spirit and vibrant culture. Gather your friends and family, step outside the ordinary and discover Korea in a dynamic and unforgettable way.
